

Soul Food?

Pastor Michael Edwards, II
Soul Food Team

Soul Food Holiday – The 4 C’s of Christianity (Adult Edition) invites you to slow down in the middle of the season and remember what it’s really all about. When life gets full—of expectations, responsibilities, and emotions—this study brings us back to the center: Jesus.

Through four powerful anchors—Covenant, Cradle, Cross, and Crown—this edition walks through the full story of Christ using the language of soul food... something familiar, something that feels like home. Each lesson connects everyday understanding with timeless truth—showing how God keeps His promises, comes close, carries our burdens, and still reigns.

Simple, relatable, and grounded in Scripture, this study creates space for real reflection and honest conversation. Whether in moments of joy, struggle, or waiting, it meets you where you are and points you back to what holds it all together.

At the end of it all, this study is a reminder: Jesus is still the thread holding it all together. Every promise. Every process. **Every season. So pull up to the table, take your time, and let the story settle in again... the way it was always meant to.**
